KRATOS 2026 Real Data Master Sheet

This document is the single source of truth for all real-world data needed to run KRATOS 2026 across the website, admin panel, registration flow, payments, schedule, results, organizers, and public communication.

How to use this file

- Fill every field with real final data before launch.
- If a field is not decided yet, write `TBD - owner name - target date`.
- Keep names, dates, email IDs, phone numbers, slugs, and links exactly as they should appear publicly.
- Do not store secrets here.
  Store `DATABASE_URL`, `AUTH_SECRET`, OAuth secrets, and similar credentials only in `.env.local`.
- Use IST for all dates and times unless explicitly noted otherwise.
- Keep one copy of truth here, then mirror it into the admin panel and content pages.

🏫 COLLEGE DETAILS

1. Institution identity

Field	Fill here	Notes
Official college name		Use full legal/public name
Short college name		Example: `Matoshri Engineering College`
Festival name	KRATOS 2026	Change only if branding changes
Festival subtitle/tagline		Used in hero, metadata, posters
Hosting department		Example: `Computer Engineering Department`
Parent trust / society name		Optional, if used publicly
Official college website		Full URL

Field	Fill here	Notes
NAAC / accreditation line		Optional public branding line

2. Campus and venue identity

Field	Fill here	Notes
Full campus address		Include city, district, state, PIN
Google Maps link		Public map URL
Primary festival venue name		Example: `Main Campus`
Registration desk location		Exact on-campus location
Inauguration / closing venue		Hall / auditorium name
Help desk location		For participants on event days
Parking instructions		Optional but recommended

3. Branding assets owned by the college

Field	Fill here	Notes
Official college logo file path / URL		PNG/SVG preferred
KRATOS logo file path / URL		Needed for favicon / header / posters
Favicon source		Replace placeholder if needed
Official college colors		Hex values
Official festival colors		Hex values if different
Approved font guidance		Optional if design team has one

4. About page team data

These values are currently represented by placeholders in the site and should be finalized.

Faculty advisors

Name	Role	Department	Phone	Email	Public on website?
					Yes / No
					Yes / No

Student core team

Name	Role	Year	Branch	Phone	Email	Public on website?
						Yes / No
						Yes / No
						Yes / No
						Yes / No

Web / design team

Name	Role	GitHub / portfolio link	Public on website?
			Yes / No
			Yes / No

🗓️ EVENT DETAILS

1. Festival timeline

Field	Fill here	Notes
Festival start date		IST
Festival end date		IST
Day 1 date		IST
Day 2 date		IST

Field	Fill here	Notes
Daily reporting time		For volunteers / organizers
Public start time each day		If same for all attendees
Public end time each day		
Registration opening date and time		IST
Registration closing date and time		Drives admin deadline
Countdown target date and time		Must match what hero should count down to
Results reveal date and time		Drives leaderboard unlock
Gallery unlock timing		Example: `After closing ceremony on Day 2`

2. Festival-wide public copy

Field	Fill here	Notes
Hero eyebrow text		Example: `Largest Tech Festival at Matoshri`
Hero headline line 1	KRATOS	Keep if unchanged
Hero headline line 2	2026	Keep if unchanged
Hero description		Public landing page copy
CTA headline		Optional if replacing existing section copy
CTA description		Replace hardcoded urgency text with real message
Footer copyright line		Exact public text
Default announcement message		Single-line scrolling message

3. Fixed schedule structure used by the current system

The current admin schedule UI supports exactly **5 slots per day**.
If timings change beyond this structure, the code will need updates.

Slot	Default time range in system	Confirm final time	Day 1 label if no event linked	Day 2 label if no event linked
1	9:00 AM - 10:00 AM			
2	10:00 AM - 1:00 PM			
3	1:00 PM - 2:00 PM		Lunch / break	Lunch / break
4	2:00 PM - 5:30 PM			
5	5:30 PM - 6:00 PM			

4. Day-wise operational schedule

Day 1

Slot	Linked event name	Venue	Backup note
1			
2			
3	Break		
4			
5			

Day 2

Slot	Linked event name	Venue	Backup note
1			
2			
3	Break		
4			
5			

🧩 EVENTS (REPEAT FOR EACH EVENT)

Copy this block once for every event.

Event Template

A. Core identity

Field	Fill here	Rules / allowed values
Event name		Required
Slug		Required, unique, lowercase, hyphen-separated. Example: `bridge-design`
Category		Example: `Technical` , `Robotics` , `Coding` , `Civil` , `Mechanical`
Tagline		Short one-line hook
Description		Public event description
Is common / universal event?	Yes / No	Maps to `isCommon`

B. Participation model

Field	Fill here	Rules / allowed values
Format		Allowed: `SOLO` , `TEAM` , `SOLO_TEAM`
Minimum team size		Integer, current UI supports 1 to 4
Maximum team size		Integer, current UI supports 1 to 4
Expected participants		Integer
Primary target branches		If not common, list eligible branches
Participant eligibility notes		Example: year restrictions, branch restrictions

C. Venue, timing, and operations

Field	Fill here	Notes
Default venue		Used on event page
Day / slot assignment		Example: `Day 1 Slot 2`
Reporting time		Participant reporting time
Start time		
End time		
Round structure		Example: `Prelims + Finals`
Equipment provided by college		
Equipment participants must bring		
Faculty / staff in charge		
Volunteer team assigned		

D. Pricing and registration

Field	Fill here	Notes
Event fee fallback (INR)		Stored on event record
Global fee override applies?	Yes / No	If `feePerPerson` is set globally, it overrides event fee
Payment required?	Yes / No	Current flow assumes paid registrations unless team decides otherwise
Registration cap		Optional operational limit
Waitlist rule		Optional manual policy

E. Public content and files

Field	Fill here	Notes
Prize details		Public text shown on event page

Field	Fill here	Notes
Rules summary for website		Short bullets or paragraph
Full rules PDF link		Button exists on event page but needs real destination
Poster / thumbnail asset		Optional
Judging criteria summary		Recommended for internal use

F. Results data

Field	Fill here	Notes
1st place winner name		Required for leaderboard
1st place winner college		Required for leaderboard
2nd place winner name		Required for leaderboard
2nd place winner college		Required for leaderboard
3rd place winner name		Required for leaderboard
3rd place winner college		Required for leaderboard

G. Verification and check-in notes

Field	Fill here	Notes
Valid registration proof rule		Example: UTR visible in screenshot
Check-in desk / room		
Check-in opens at		
Check-in closes at		
Escalation contact for disputes		Phone / name

👥 ORGANIZING TEAM

1. Public organizer directory

These values map directly to the current organizer management section.

Organizer name	Role	Contact line	Show publicly?	Notes
			Yes / No	
			Yes / No	
			Yes / No	

2. Internal operational owners

Function	Owner name	Phone	Email	Backup owner	Notes
Festival overall lead					
Admin panel owner					
Registration verification lead					
Payment verification lead					
Check-in lead					
Results and leaderboard owner					
Gallery moderation owner					
Sponsorship lead					
Website / technical support lead					

3. Admin access roster

Do not store passwords here.

Admin name	Role	Login email	Needs admin access?	Notes
			Yes / No	
			Yes / No	
			Yes / No	

💰 PAYMENT DETAILS

1. Official payment collection

Field	Fill here	Notes
UPI ID		Maps to admin settings
UPI account holder name		For participant confidence
Payment app / bank name		Optional
Default fee per person (INR)		Maps to global `feePerPerson`
Are any events free?	Yes / No	If yes, list exceptions below
Free event list		If applicable
Refund policy		Public wording
Tax / receipt note		Optional

2. Payment proof standards

Field	Fill here	Notes
Accepted payment proof formats		Example: PNG, JPG, PDF
Required screenshot details		Example: payer name, UTR, amount, date
Required transaction reference format		Example: `12-digit UTR`

Field	Fill here	Notes
Manual verification SLA		Example: `Within 12 hours`
Rejection reasons to use in admin notes		Comma-separated shortlist
Payment support escalation contact		Name + phone/email

3. QR and display assets

Field	Fill here	Notes
Official static UPI QR image		Optional backup asset
Printed payment poster available?	Yes / No	
QR verification owner		Who confirms the UPI target is correct

⚙️ SYSTEM SETTINGS

1. Launch configuration

Field	Fill here	Notes
Registration open?	Yes / No	Maps to `registrationOpen`
Registration deadline		IST, maps to `deadline`
Gallery locked?	Yes / No	Maps to `isGalleryLocked`
Results reveal time		IST, maps to `resultsRevealTime`
Results video embed URL		Must be YouTube `/embed/` URL
Active announcement visible?	Yes / No	Current system supports one active line
Active announcement text		Single-line broadcast

2. Content replacements still needing real data

Item	Real value needed	Owner	Status
Hero image			
Hero description			
CTA urgency text			
Contact page emails			
Contact page phone numbers			
Sponsorship email			
About page faculty names			
About page student team names			
About page developer links			
Event rules PDF links			

3. Environment-linked non-secret configuration

Field	Fill here	Notes
Google sign-in enabled?	Yes / No	If No, keep credentials empty
AUTH_GOOGLE_ID owner		Person responsible
Cloudinary upload preset name		Required for screenshot and gallery uploads
Cloudinary cloud / account owner		Operational owner
Neon database owner		Operational owner
Production domain		Example: `https://kratos2026.com`
Vercel project owner		Optional but useful

4. Operational rules the current build assumes

- One active scrolling announcement at a time.
- One registration creates one team record.

- Team members are stored individually.
- Gallery upload limit is 4 photos per user.
- Results page expects top 3 winners per event.
- Schedule UI currently supports only 2 days and 5 slots per day.
- Team size UI currently supports a maximum of 4.

🖼 ASSETS

1. Website and branding assets

Asset	Final file path / URL	Format	Owner	Approved?	Notes
College logo				Yes / No	
KRATOS logo				Yes / No	
Favicon				Yes / No	
Hero image				Yes / No	Replace placeholder external image
OG image for social sharing				Yes / No	
Ticket background image				Yes / No	
Ticket template image				Yes / No	

2. Event assets

Event name	Poster / cover image	Rules PDF	Results graphic	Notes

3. Media and gallery operations

Field	Fill here	Notes
Cloudinary upload folder naming rule		Recommended
Screenshot upload moderation owner		
Gallery moderation owner		
Allowed asset types for public upload		Example: JPG, PNG

4. Sponsor assets

Field	Fill here	Notes
Sponsorship brochure / deck link		PDF
Sponsor logo kit folder		
Stage branding files		Optional
Backdrop / flex print files		Optional

📞 CONTACT INFORMATION

1. Public website contacts

These should match the Contact page and Sponsorship page exactly.

Contact type	Name / team	Email	Phone	WhatsApp	Public on website?	Notes
General support					Yes / No	
Event queries					Yes / No	
Logistics					Yes / No	
Command center					Yes / No	

Contact type	Name / team	Email	Phone	WhatsApp	Public on website?	Notes
Sponsorships					Yes / No	

2. Emergency and event-day escalation

Function	Contact person	Phone	Backup phone	Notes
On-campus emergency				
Medical support				
Security				
Electrical / technical support				
Internet / Wi-Fi support				
Anchor / stage management				

3. Social and public channels

Channel	Handle / URL	Owner	Public?
Instagram			Yes / No
YouTube			Yes / No
LinkedIn			Yes / No
WhatsApp channel / group			Yes / No
Telegram			Yes / No

Final readiness checklist

- ☐ College identity and branding approved
- ☐ Festival dates and countdown target confirmed
- ☐ Registration deadline confirmed in IST
- ☐ All events entered with final slugs, formats, fees, and venues

- [ ] Day 1 and Day 2 schedule locked
- [ ] Organizer directory approved for public display
- [ ] UPI ID verified with finance team
- [ ] Announcement text reviewed
- [ ] Contact emails and phone numbers verified
- [ ] Hero image and branding assets replaced with owned files
- [ ] Rules PDFs collected for every event
- [ ] Results reveal time and YouTube embed URL prepared
- [ ] Cloudinary upload preset confirmed
- [ ] Admin roster finalized
